Longarone, 13/12/2019

This document consists of no. 4 numbered pages.

Certification Board Manager
(Luca Tamburlin)

1. Description of the Personal Protective Equipment

Product Designation: 434659

Commercial Trade: CYPHER

Product Description: Personal protective equipment against falls from a height - Connector

Class: M

| | |
|-------------------|--|
| Intended purpose: | Connecting element in personal fall protection systems, i.e. fall arrest, work positioning, rope access, restraint and rescue systems, designed to protect the final user against the risk of falls from a height. |
|-------------------|--|

Model: 434659, equipped with a screw-motion gate-locking device

434658, equipped with a triplex automatic gate-locking device

In Conformity with the Standard(s): EN 362:2004 and /

PPE Category: III

Body material: Steel 32CrB4

Gate material: Steel PR80 35SMnPb10

Rivet material: Stainless steel AISI 302

Spring material: Stainless steel AISI 302

Gate-locking device material: 434658: Brass CW614N; 434659: Brass OT58

Complete connector weight (g): 434658: 193 grams; 434659: 180 grams

Total length (mm): 108.6

Maximum width (mm): 59.7

Notes: Connector model "434659" and the variant "434658" are class M connectors when used during working activities, according to the standard EN 362:2004: class M are self-closing connectors intended to be used as a component which may be loaded in the major and minor axis. This two models have the same body and differ only for the type of gate-locking device and for the material of the gate-locking device.

4. Marking:

434658

434659

The same for both variants

Placement of the marking: Partially engraved and partially printed on the body of the connector.

5. Declaration for category III personal protective equipment

For category III PPE, this EU Type-Examination Certificate shall be used only in combination with one of the evaluation procedures in accordance with Article 19, letter c), of the Regulation (EU) 2016/425

Applicability for the product covered by this EU Type-Examination Certificate:

YES

Terms and conditions under which the Certificate is issued

- Marking and instructions were examined in English. The supplying and the obtaining of versions in languages accepted by the countries in which the product is sold are under the complete responsibility of the Manufacturer or of his Authorised Representative.
- Any variation to the product, to the technical file or, in the provided cases, to the manual or to the quality control procedures, shall be notified in time to DOLOMITICERT.
- The Manufacturer or his Authorised Representative shall respect the procedures and the regulations provided by DOLOMITICERT for the EU Certification.
- Copies of this Certificate, supplied to third parties, shall be reproduced in their entirety.
- The present Certificate shall be carefully kept by the Manufacturer to be shown, on request, to the Organism of control or to the Vigilance Administration.
- The present Certificate remains property of DOLOMITICERT, which can ask for it back if some of the above mentioned conditions are not respected.
